To Whom It May Concern:

I have worked for 3 years with Microwave and Electronic Harassment victims throughout the US and overseas. It is hard for others to understand the technology that is being used to destroy people's lives. I know James because he contacted me for help. James has worked to find proof of what has happened to him.

Many victims try hard to get help from professional doctors to help find devices such as Veri-Chip. I would request that you and those who can make a difference would help James and others to find answers.
